ALSO... still looking to buy reasonably priced burying/carrion beetles
Nicrophorus americanus is what I really want, but interested in all Nicrophorus species.

Would consider other types of carrion beetles as well.

Let me know what you have or can get, prices and pics if possible.

ALSO... wanting a group of reasonably priced Gymnetis caseyi/flavomarginata (Harlequin flower beetles)

Looking for colorful Jumping spiders for a photography project.

I don't need *Phidippus regius*.

Ideally looking for colorful *Phidippus* like:

P. apacheanus

P. otiosus

P. johnsoni

P. clarus

and other colorful ones.

I have Giant Arid land Katydid(*N.spinosa*) also called Green Monsters for

These are large carnivorous katydids. They are \$20 each plus shipping.

Nephila clavipes “Florida Giant Golden-Silk Spider”

- or “Florida Face- Hugger” spider as some hikers in the Everglades have called them!
 - One of the largest true spiders in North America! Capable of 5” leg spans!
 - Makes HUGE webs averaging 4’ x 2’, but we have seen them even larger!
- Theraphosa sp. (?) “BURGUNDY GOLIATH BIRDEATER”

One of the largest tarantulas in the world, if not THE largest! Capable of 11.5”+ leg spans and body weights over 6 ounces!!!

Not for beginners/minors due the the urticating hairs, aggressive disposition and increased humidity and food requirements.

WC 4”-6.75” unsexed sub-adults: \$85, 3+@\$80 ea.

Confirmed males: \$90, 3+@\$85 ea.

Confirmed females: \$95, 3+@\$90 ea.

Get into true spiders!

15 Latrodectus bishopi “Red Widow” One of the most beautiful of all true

spiders! Venomous. No sales to minors/beginners. CB 1/8” spiderlings ready 7/30/10. Taking pre-orders for a limited qty. \$12, 3@\$10 ea., 6+@\$9.50 ea.

* Argiope aurantia “Black & Yellow Argiope”, beautiful orbweaver with the classic “zig-zag” web pattern. One of our largest true spiders with leg spans of 3.5”. WC juvs to sub-adults, \$7.50, 3@\$7 ea., 6+@\$6.50 ea.

* Arigope florida “Lake Wales Ridge Argiope”, amazing color! Grows to 2.75”. WC juvs to sub-adults, \$9, 3@\$8.50 ea., 6+@\$8 ea.

- Grammostola rosea “RED Rose Hair” BREEDING GROUP!
- * ONE copy of a past issue of the British Tarantula Society Forum
ONLY \$36 + shipping cost !!!

G. rosea “RED Rose Hair”:

- This is NOT the common, overly-imported G. porteri “Brown Rose Hair”.
These are way more colorful with beautiful red hairs inside the legs.
- Hardy and long-lived. Females can live to be 25 yrs. +
- Fairly docile Tarantula. Excellent for beginners, educators and pet stores.
